Advanced-Skills Sessions Information

Double-Handed Sailing Instruction. Learn to sail as a team; Learn the roles of the Skipper and Crew; Learn to operate a boat with a head sail

Advanced Sailing Classes Include all elements of single- and double-handed dinghy racing and keelboat sailing; Students with significant experience may race weekly (local competitions)

Breakout Sessions for Advanced Students. Breakout sessions run in parallel with regular classes; Students use more advanced boats (J24, Laser, etc.); Seamanship drills and special activities held daily; Limited one-on-one instruction available; Students must have previous instructional experience; Enrollment accepted at the discretion of the lead instructor

Racing Curriculum. Learn safety while racing; course layouts, and how race courses are placed on the water; Basic understanding of racing rules; Ideas of time and distance and starting a sailboat race; Starting strategies; Racing seamanship; Racing points of sail and velocity made good
